1. (Tnu) Lauterwald, head of the former Kesselwagenleitstelle, is currently only there on a provisional basis until the investigation of him being conducted by the SLD can be concluded. (Tnu) Krueger, formerly head of the personnel section of the Kesselwagenleitstelle, had moved the Party to begin the investigation; however, in the course of looking into the affair, the Party decided to expel Krueger.
2. The former Main Department for Tank Cars, Kesselwagenleitstelle, has been changed into a main special section (Hauptsachgebiet). The following groups of cars have now been added to this section: G and O car groups, coal dust car group, and the special car groups X, Y, S and SS. The planning section has been considerably reduced because the cost reduction order of the SLD does not provide for the present personnel staff.
